

# CMMC Ignite Level 1 Readiness

Start your path to compliance with confidence.

Choose the right fit for your institution.

## About nysernet

We are nysernet—a nonprofit organization serving those who serve others, across New York State and beyond. For four decades, we have partnered with our members to solve common challenges, build secure foundations, and spark new connections. As a trusted conduit to power those who serve the community, we believe the future is in our hands—yours and ours. Through a vibrant community designed by you, for you, and with you, we will pave new pathways to progress, together. We saved you a seat.

**CMMC compliance doesn't have to be overwhelming. If you're navigating Federal Contract Information (FCI) requirements and unsure whether you're truly ready, a Mock CMMC Assessment is your chance to find out—risk-free. This is your institution's opportunity to simulate the real thing, gain clarity, and act before gaps become consequences.**

This guided exercise walks your team through a realistic, role-based assessment covering all 15 CMMC Level 1 requirements. Designed to mirror a formal audit process, the experience includes evidence reviews, interviews, and remediation planning—helping your team build confidence, uncover weaknesses, and prepare for a successful self-assessment.

## Benefits

- **Accelerate Compliance Readiness**  
Quickly assess where you stand and gain clear direction to complete your Level 1 self-assessment with confidence.
- **Reduce Risk and Uncertainty**  
Uncover and address gaps before a real assessment—avoiding surprises, fines, and potential contract loss.
- **Gain Practical Knowledge**  
Engage in realistic assessment role-play, evidence reviews, and expert-led Q&A to deepen understanding.
- **Demonstrate Cyber Commitment**  
Position your organization as a trusted, cyber-resilient partner with a proven commitment to security.
- **Strengthen Security Posture**  
Eliminate uncertainty and stress with expert-backed support throughout your CMMC journey.

## Key Features

- Realistic mock assessment simulating all 15 CMMC Level 1 requirements through role-based interviews and evidence review
- Actionable findings with a summary of findings, including MET and NOT MET controls, plus prioritized remediation guidance
- Flexible delivery options (onsite or virtual) with three levels of service based on your institution's needs
- Follow-up support and reporting to help you track progress, resolve gaps, and complete your self-assessment with confidence

## Datasheet
